

Palo – Architectural Bollard

Palo 25 is a modern architectural, directional optically controlled bollard which is constructed from cast aluminium with a IP65 rating. Robust design with optical distribution and suitable heads such as Dome, Flat and Louvred. Available with a flange or root mounted kit.

Dimensions

Technical Specification

Luminous flux	2000lm, Louvre (720lm)
Beam Angle	90°
CCT	3000K 4000K
Power Consumption	25w
CRI	80+
Dimensions	168mm \varnothing x 1000mm
Dimming	Non dimming
Efficiency	80lm/w
Finish	Black
Ingress Protection	IP65
Options	Dome, Flat or Louvre

Specify code: Palo-CCT-X (X replace with = Dome, Flat or Louvre)
